PAN Software wins Best Cloud Product for 2014

Melbourne, 6th June 2014: riskcloud.NET has been awarded best Cloud Product 2014 by the Australian Business Awards.

The Australian Business Awards are a national, all-encompassing awards program honouring Australia's business, innovation and technology leaders through the recognition of their ground-breaking vision, innovative products and exemplary execution of projects, technologies, service, programs, systems and other initiatives. The program engages with leading corporate, government and non-government organisations providing regional recognition with a global significance through an established set of business and product award categories.

Ms Tara Johnston, Program Director, says, *"With a modernised economy we are experiencing notable change in business with new market and social needs expanding rapidly. The ABA100 Winners are reflective of a nation-wide commitment to innovation and improvement, with the award honouring their evident traction within their respective industries."*

Mr George Pantazis, CEO, PAN Software says, *"Being awarded the Australian Business Award for Best Cloud Product 2014 is a testament to our product strategy, innovation and service excellence and integrity that we continue to deliver for our clients. This award validates years of R&D and endorses riskcloud.NET"*.
